SUMMARY

Full Stack Web Developer and IT Specialist with a burning passion for technology. Great team player, quick learner, and can keep focused and on task when under pressure.

TECHNICAL SKILLS

Java, JavaScript, HTML5, CSS3, Bootstrap, ReactJS, ExpressJS, MongoDB, MySQL, jQuery

EXPERIENCE

Technology Support Specialist   2018–Present
Wayne Township Board of Education   Wayne, NJ

- Provide IT Support for teachers and staff members in a middle school, as well as three elementary schools.
- Repair, update, and maintain desktop computers, projectors, A/V systems, laptops, and other mobile devices such as Chromebooks
- Collaborate with and provide support to All Virtual and Non Virtual children/parents regarding their district distributed devices
- Inventory and stock Chromebook parts (Screens, keyboards, motherboards, etc.) for the district
- Image machines with both remote solutions such as FileWave, and PDQDeploy, as well as conventional disk copying methods
- Be responsible to complete tickets for thousands of users
- Communicate effectively with team members to provide the best support possible
- Self motivated position, responsible for assigned schools and the work that follows.

Key Accomplishments:
- Created a Java program to track mileage and print the information on the relevant form
- Created software to track appointments for remote student device repairs
- Playing a key part in moving the district to remote learning through repair and distribution of Chromebooks
